Year End Bash Cancelled

All members of the Board are very sorry that we had to cancel our **Year End Bash**. By postponing the date, there were too many conflicts with other events.

Annual Business Meeting, Dec 7

Our annual Business Meeting will be held on December 7th to talk about next year's plans and to get input from our members on what they expect out of our club. Please make plans to attend.

Marina Update

Although most of us are over the aftermath of Matthew, some are still dealing with the serious damages and will be for a few more months.

Landings Marina is looking like a marina again with the east docks back in position: still missing some dock boxes, but some of the boats are back in their assigned slips. The hole in the breakwater has also been repaired. The picnic area looks like new! The Tiki Bar is fully operational and looks great!

Delegal Marina is a different story and could take months to repair.

"The Dark Side" Goes Cruising

This month, several members planned a "cruise" with the intention of anchoring overnight at the south end of Wassaw Island and gathering together on my boat, The Dark Side, to barbeque. However, with an overnight forecast of 35 degrees, and only my boat having heat, we decided to forego the "overnight" part and instead cruised up Romerly Creek for a daytime barbeque.

"The Dark Side" was joined by 2 other SIBC boats, "Grand Cru" (Todd & Kathy Williams, sailboat) and "It's Time" (George LaPenta and Jean Kovaleski, power boat). The weather was perfect, the food was great and the company was enjoyable for the 12 of us who gathered to eat on my boat. Besides that, no brats rolled off my boat barbeque into the water! Let's hope we can arrange another cruise/barbeque-out next year!
